

Quick & Simple **eSign - Now available in NPRESS**

Send initial disclosures and get e-signatures via NPRESS

Dear NMSI Partners/Brokers,

Npress can now empower you to provide initial disclosures to your borrowers electronically for delivery and signing. It is the quickest, simplest, and most secure way to sign and return disclosures to NMSI.

Borrowers will receive an email with a link to the document that can be accessed once they provide their last four digits of SSN.

Once the documents are signed by all borrower(s) and loan officer, the signed initial disclosures are automatically uploaded to our file management and notification sent to our set-up team for submission. Fast, simple & easy process designed especially for you!
